

LOWGC Rifle Division Holds May Rimfire Benchrest Score Match

Sunday May 31st seventeen shooters gathered at the Jacques Choquette Rifle Range in Kenora Ontario for some friendly competition. The cool morning temperature made it necessary to fire many shots on the sighter target to warm up the barrels enough to shoot straight. The wind was also a factor as the wind speed and constant change of direction made it difficult to keep your shots anywhere near the 10 ring. Despite the challenging conditions, some shooters managed to perform well with Sporter Class scores shot by juniors that were comparable to, or within reach of the Unlimited Class.
